Allowable Subject Matter

Claims 1-22 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claim 1, the prior art of record neither shows nor suggest a cathode structure for a cathode ray tube comprising, in part, a base metal and a holder, wherein the height of the cathode structure H, the height of the base metal C, and the length of the holder D satisfy the condition of $-0.6 \text{ mm} \leq (H-(C+D)) \leq 0.4 \text{ mm}$, along with the rest of the claim limitations. Claims 2-21 are allowed due to their claim dependency.

Regarding independent claim 22, the prior art of record neither shows nor suggest a cathode structure for a cathode ray tube comprising, in part, a base metal and a holder, wherein the height of the cathode structure H, the height of the base metal C, and the length of the holder D satisfy the condition of $H \leq C+D$, and a strap for fixing the sleeve inside the holder.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
